WORK EXPERIENCE

DayDreamSoft, Surat

Jan 2020 - Jul 2021

- Developed front-end user interfaces for iOS and Android mobile applications using React Native and JavaScript.
- Worked closely with designers to ensure pixel-perfect UI implementation.
- Focused on performance optimization, responsiveness, and cross-device compatibility.

Techtic Technolab Pvt Ltd, Ahmedabad (Remote)

Jul 2021 - May 2025

- With a deep understanding of React Native and its ecosystem, I led the design and implementation of complex features, ensuring optimal performance and user experience.
- Integrated third-party libraries, implemented payments and subscriptions, collaborated with clients, and mentored juniors with best practices and code reviews.

Zyrous, Australia (Remote)

May 2025 - Present

- Started projects using Expo and contributed to setting up CI/CD pipelines and Git workflows.
- Developed and maintained a shared component library for use across multiple mobile projects.
- Wrote test cases, followed modern code standards, and ensured reusable, modular design for scalable applications.

PROJECTS

Asthma Australia Connect

- **Description:** the app is part of the broader Asthma Connect program—a digital health initiative that combines expert asthma education, videocalls, and tailored tools to help you better manage your asthma, all in one convenient place. Whether you're newly diagnosed or have lived with asthma for years, Asthma Connect offers expert guidance, easy-to-use tools, and personalised education to support your asthma journey and improve your health.

NowNext: Build Better Habits

- **Description:** NowNext helps you build small, simple habits that actually stick. Prioritising your own wellbeing can feel overwhelming. It can start with small steps that fit your daily routine and last a lifetime.
- **App Link:** [Android](#) and [iOS](#)

Rental Car

- **Description:** Budget Car and Truck Rental of Atlanta has the best value in car rental with great rates on a wide variety of popular new cars, trucks, and vans. Our vehicles have more features, more fully loaded options, and tend to be newer with fewer miles on them than the competition.

Photerra Travel

- **Description:** Photerra is a social, all-in-one travel app for local and global travel. When planning trips, people often check the same sources. Instead of looking at the same lists of places that everyone else is looking at, Photerra allows you to perform detailed searches of unique, geolocated spots that other people have already explored and shared. Every geolocated spot can be searched, saved, used for navigation and to plan trips using Photerra's Itinerary feature - which also allows for collaborative trip planning with friends who use the app.
